CIRCULAR

Subject: - Introduction of Consumer Self-Certification In lieu of Electrical Installation Test Report.

With a view to simplifying the procedure for release of electricity connections and facilitating Ease of Doing Business in the UT of Dadra and Nagar Haveli and Daman and Diu, it is hereby decided to accept **Consumer Self-Certification in lieu of the Electrical Installation Test Report.**

Accordingly, the following instructions shall be followed:

1. The consumer/applicant shall submit the prescribed **Electrical Installation Self-Certification Form**, duly filled in and signed, declaring the correctness and safety of the electrical installation.
2. The separate Electrical Installation Test Report and signatures of an electrical contractor/supervisor shall not be insisted upon where consumer self-certification is permitted under the applicable approved framework.
3. The consumer shall remain responsible for the safety and compliance of the installation with applicable statutory provisions.
4. All statutory inspection, testing and approval requirements, wherever applicable, shall remain unaffected.

The format of the Electrical Installation Self-Certification Form is enclosed herewith as Annexure-I for necessary use and implementation.

All concerned officers and staff are directed to implement these instructions uniformly, subject to the applicable JERC orders and regulatory provisions.

This circular shall come into force with immediate effect. This is issued with the approval of the competent authority.

Yours faithfully,

Dr. Uma
27/10/26

U.T. OF DNH DD

ELECTRICAL INSTALLATION SELF-CERTIFICATION FORM

(For new connection / load alteration / shifting / reconnection)

Application No.: _____	Application Type: ☐ New ☐ Load alteration ☐ Shifting ☐ Reconnection
Service No.: _____	Date: _____
Consumer's Name: _____	Mobile No.: _____
Installation Address: _____	
Wiring Contractor's Name & Address: _____	
Contractor Mobile No.: _____	Electrical Licence / Permit No.: _____

1. DETAILS OF INSTALLATION

Supply / Phase	☐ Single phase ☐ Three phase	Purpose	☐ Residential ☐ Commercial ☐ Industrial ☐ Other: _____
Lighting load	_____ kW	Motive power load	_____ HP / kW
Total connected load	_____ kW	Sanctioned load applied for	_____ kW
ELCB / RCCB	Make: _____ Rating: _____ A Sensitivity: _____ mA	Serial No.	_____
Capacitor (if any)	Make / Rating: _____	Details	_____

2. INSULATION RESISTANCE / ELECTRICAL TEST DETAILS

Test particulars	Lighting (MΩ)	Motive power (MΩ)	Other (MΩ)
Phase to Earth	_____	_____	_____
R-Y	_____	_____	_____
Y-B	_____	_____	_____
B-R	_____	_____	_____
R-E	_____	_____	_____
Y-E	_____	_____	_____
B-E	_____	_____	_____
Neutral to Earth	_____	_____	_____

3. PHASE-WISE DETAILS OF CONNECTED LOAD

Description	Single phase No.	Total W	R phase No.	Total W	Y phase No.	Total W	B phase No.	Total W
Light	_____	_____	_____	_____	_____	_____	_____	_____
Fan	_____	_____	_____	_____	_____	_____	_____	_____
5A plug	_____	_____	_____	_____	_____	_____	_____	_____
15A plug	_____	_____	_____	_____	_____	_____	_____	_____
Air conditioner	_____	_____	_____	_____	_____	_____	_____	_____
Geyser	_____	_____	_____	_____	_____	_____	_____	_____
Other appliances	_____	_____	_____	_____	_____	_____	_____	_____
Other appliances	_____	_____	_____	_____	_____	_____	_____	_____
Total	_____	_____	_____	_____	_____	_____	_____	_____

* For three-phase supply, load should be distributed as evenly as practicable across phases.

4. MOTOR DETAILS (IF APPLICABLE)

No.	Make / Manufacturer	Qty.	HP / kW	Voltage	Current (A)	Phase	Type / RPM
1	_____	_____	_____	_____	_____	_____	_____
2	_____	_____	_____	_____	_____	_____	_____
3	_____	_____	_____	_____	_____	_____	_____
4	_____	_____	_____	_____	_____	_____	_____
Total connected motor load	_____	_____	_____	_____	_____	_____	_____

5. SELF-CERTIFICATION AND DECLARATION

I hereby certify that the electrical installation at the above premises has been inspected and tested by me; that the particulars and test readings furnished in this form are true and correct to the best of my/our knowledge; and that the installation has been carried out and is complete in all respects in accordance with the applicable provisions of the Electricity Act, 2003, the Central Electricity Authority (Measures relating to Safety and Electric Supply) Regulations, 2010, as amended from time to time, and other applicable rules, regulations and standards. I accept responsibility for the safety and correctness of the installation and undertake to rectify, at my cost, any defect or non-compliance identified. I understand that the distribution licensee may inspect or test the installation as permitted under applicable law, and that this self-certification does not dispense with any inspection or approval required by law.

Self-Certified by Consumer / Applicant

Name of Applicant / Consumer: _____

Signature: _____

Date: _____

Note: Complete all applicable fields. Attach additional sheet(s), if required. Any applicable statutory inspection or testing requirement shall continue to apply.
